

# Our Response to COVID-19

Monday, Apr. 13, 2020

Dear McFarlin Family,

As you are aware, our governor and mayor have extended their “shelter in place” orders through April 30. This means that McFarlin will extend our closure, church and childcare center alike, through the end of the month, as well. We will continue to worship with one another online each Sunday, share in daily prayer and devotion with one another, and serve our community through our food pantry and utilities assistance ministries.

It’s too soon for us to name a date when we will once again be able to gather in person, and we share in the hope that it will be sooner than later. We’re frequently consulting with elected officials and healthcare professionals, and we continue in our commitment to helping stop the spread of Covid-19 within our community. The health and well-being of all people is our priority, and when it is safe to once again gather in person, it will be a time of great celebration and jubilee.

Your staff team continues to work diligently to ensure that we remain connected, and we are here for you and your families whether the need be great or small.

Let us know how we can pray for you by filling out a prayer request card, and please help us keep the lights on and water running for the vulnerable in our community by giving to this year’s special Easter offering.

We remain the Body of Christ together, and while we may be living in a Good Friday environment, we know that Sunday’s coming!

I pray God’s blessing and peace on each of you,

Pastor Linda
