

This Past Week's Actions:

Missions Center Project:

- Compaction of soil complete

Infrastructure Project:

- Contractors walked through areas to be impacted

Roofing Project:

- Added safety covering at West Apache main entrance
- Construction offices and additional equipment arrived

Next Two Week's Actions:

Missions Center

- Concrete work to pour slab

Infrastructure Project:

- Follow up with contractors to address questions.

Roofing Project

- Removal of shingles on the West side of the Sanctuary roof
- Removal of shingles on the East side of the Sanctuary roof

Areas Impacted:

- The sidewalk beside the church on University Blvd. will be close to where shingle removal will be occurring. Shingles will be collected in bins and shuttled across the street to the West Parking Lot. If possible, avoid use of the sidewalk on the East side of University Blvd.
- Alley – The West end of the alley will continue to be congested with construction vehicles and equipment. Enter the alley from Webster to avoid construction equipment
- Playground area adjacent to the New Missions Center – The West playground area must be evaluated day by day. Check with the on-site superintendent prior to use.
